

To protect lives and preserve the Beechcraft fleet:

Charitable Remainder Trusts

If you have appreciated assets, a charitable remainder trust can defer capital gains tax while providing a life income to you or others from assets you give in trust at a future date. This structure may offer you tax benefits and the option of income. There are two ways to receive payments:

The **annuity trust** pays you a fixed dollar amount annually which you choose when you start the fund. Your annual income payments remain the same regardless of fluctuations in trust value. The remainder to your chosen charity will vary with changes in the trust value.

The **unitrust** pays you a variable amount annually based on a fixed percentage of the fair market value of the trust assets and the remainder to charity.
