

Prepurchase Inspection Facilities

This list includes facilities reported by ABS members to have significant experience maintaining Beech piston airplanes, and willingness to conduct prepurchase inspections ("surveys") to help you make an informed aircraft buying decision. ABS does not warrant the work of specific shops nor the results of prepurchase inspections. These locations are provided solely by unverified ABS member reports. Exclusion from this list merely means ABS has not received member reports about prepurchase inspections at the facility. Send additional member endorsements to info@bonanza.org to add to be added to the list. Download the ABS Prepurchase Survey Checklist for more information about evaluating candidate airplanes, and to negotiate the scope of the inspection with the shop you choose.

Best of luck with your Beechcraft purchase!
